

## GREEN BONDS

### INVESTOR AWARENESS SEMINAR

Fiji will become the first emerging market to issue a sovereign Green Bond as announced at the Pre COP23 meeting held at Denarau last week. The issuance of Green Bonds is an important tool in assisting the Government finance its planned transition to a low carbon and climate resilient economy. Investment will be open to everyone who is willing to be part of this milestone opportunity to support green growth. The Ministry of Economy together with the Reserve Bank of Fiji will host a joint investor awareness seminar to discuss the technical details of the Bonds as follows:

**Date:** Wednesday, 25 October 2017

**Time:** 12.00-1.30pm

**Venue:** Tower 11  
Reserve Bank of Fiji Building  
Pratt Street, Suva

**You Are Welcome**
