Progress Report on the Reserve Bank of Fiji's Rollover to Year 2000

The Reserve Bank of Fiji wishes to advise its stakeholders and the general public that following the smooth Y2K rollover from 31 December 1999 to 01 January 2000 its business operations will continue to run as normal from 03 January 2000.

As no future disruptions in communication with our trading partner countries is anticipated, all transactions with banks should continue as normal from now onwards.

Based on information provided to the Reserve Bank, banks, credit institutions and licensed insurers are Y2K compliant and have also confirmed a smooth rollover to the new millennium.

Although the Bank's Y2K Command Centre will cease operations from 03 January 2000 the Bank will continue to monitor the Y2K situation as is deemed necessary.

Enquiries to:

Mr Sada S Reddy (Deputy Governor)

Mr Inia R Naiyaga (Chief Manager, Financial Institutions)
